ST JOHN'S
College

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (The Clery Act) mandates the manner and format in which statistics are to be collected and published. Footnotes for the St. John's College campus crime statistics

1. The statistics reflect a 2022 campus population of approximately 453 students and 190 in 2022. Faculty and Staff working from home are counted in this number.
2. The Residence Hall statistics are duplicative. They are included in the on-campus statistics and reflect that portion of the campus statistics that occurred within student housing on campus.
3. Not all incidents reported in this category were reported to public safety or police, but to other offices on campus. Consequently, not all incidents were criminally investigated, but were administratively investigated by the college when reported.
4. In 2020 there occurred a strong-armed robbery on the back campus. No weapons were involved, and none of the persons belonged to the campus community. Annapolis Police handled the incident.
5. In 2020 there were two incidents motivated by hate: one where an unknown person wrote sexist messages on the outside of the gym (vandalism), and another involving verbal intimidation on the field near Spector Hall based on sexual orientation.
6. The number of drug and alcohol violations sharply increased in calendar year 2021. Officers have been more diligent in documenting violations of college policies. This, in addition to a residual effect of the post Covid-19 pandemic, led to an increase in our numbers.
7. In 2022 there occurred a CDS arrest on St. John's street. No weapons were involved, and none of the persons belonged to the campus community. Ann Arundle County Police handled the incident.

Additional Caveats	In 2020, the college took control of 214 Prince George Street, Annapolis, MD, as additional housing due to the Covid-19 pandemic. This property meets the Clery definition of <i>Non-Campus Property</i> . There were no crimes or incidents at that location in 2021.
	There was one reported hate/bias incident in BBC that was determined to be unfounded in 2021. Writing on a chalkboard was determined to be two students engaged in discussion, with no malicious intent. No other cases were determined to be unfounded in any of the last three years.
